Dr. Claude E. Hawley

50X1

Dear Claude:

I am sorry for the delay in sending our budget reports to you. Unfortunately, our reports are always late at the end of each fiscal year because of the number of credits and adjustments which have to be made to close and reconcile our accounts.

I have omitted a report on [redacted] as a completely detailed report on it is being forwarded to you separately. We did not show commitments beyond August 31 on this statement as the plans for the project are under review at the present time.

Sincerely,
